

Partnering for Head Start Success Through Aligned and Actionable, Research-Based Learning

At Hatch Early Learning, we share Head Start's mission of providing **high-quality early education that ensures school readiness for all children**. Our research-backed digital learning solutions and literacy resources align seamlessly with Head Start's curriculum, assessment, and family engagement priorities and the Head Start Program Performance Standards. **Choosing Hatch means choosing proven tools that foster growth, engagement, and equity in early learning environments.**

Providing Comprehensive Curriculum Alignment

Research-Based, Developmentally Appropriate Learning

Hatch's solutions are designed to meet Head Start's high standards for curriculum and instruction:

Ignite by Hatch™ delivers structured, engaging, and developmentally appropriate digital learning experiences. It ensures that children build essential early literacy, math, and social-emotional skills through research-based digital play.

IgniteTable by Hatch™ provides collaborative, interactive learning experiences through multi-touch technology. It fosters social-emotional development, cooperative problem-solving, and foundational skill building in an engaging, play-based format.

IgnitePanel by Hatch™ offers large-format, immersive digital learning that enhances group instruction and interactive learning experiences. It supports teachers in facilitating whole-class engagement while reinforcing key literacy and math concepts.

Key Foundations by Hatch™ supports literacy instruction with a structured, science-based approach. It provides teachers with Pre-Decodables Books, Picture Cards, Sound Cards, and hands-on activities that complement Head Start's language and literacy goals.

Alignment With the Head Start Early Learning Outcomes Framework (ELOF)

Our products support all five ELOF domains, ensuring that children make measurable progress in the following areas:

- **Language and literacy:** Developing strong pre-reading and communication skills.
- **Cognition and mathematics:** Building foundational problem-solving and reasoning abilities.
- **Social-emotional development:** Supporting self-regulation and social engagement.
- **Approaches to learning:** Encouraging curiosity and persistence in learning.
- **Perceptual, motor, and physical development:** Enhancing fine and gross-motor skills.

Embedded Assessments for Individualized Learning

Our solutions integrate assessment seamlessly into the learning experience, providing educators with real-time insights to support each child's unique developmental journey.

Ignite, IgniteTable, IgnitePanel, and Key Foundations include **built-in, real-time formative assessments** that track each child's progress, allowing teachers to tailor instruction based on data-driven insights.

For Ignite and IgniteTable, the **Hatch Insights™** dashboard provides educators and administrators with a clear view of children's learning trajectories to support continuous improvement.

Key Foundations includes **valid and reliable summative assessments to track literacy** competencies throughout the school year.

Supporting Head Start's Screening and Assessment Requirements

Personalized Learning for Every Child

Hatch ensures **equitable, data-driven instruction** with:

- **adaptive learning pathways** that adjust to each child's skill level,
- **bilingual support (English and Spanish)** to meet the needs of dual-language learners, and
- **assessment-aligned reporting** to help teachers monitor growth and inform instruction.

Strengthening Social–Emotional Development

Hatch's solutions are designed to nurture children's social–emotional growth by fostering skills such as self-regulation, empathy, cooperation, and confidence. Our products align with the Classroom Assessment Scoring System® (CLASS) by supporting high-quality teacher–child interactions that promote positive social–emotional development. Through interactive and play-based experiences, children engage in meaningful learning that helps them navigate social interactions, express emotions appropriately, and build strong relationships with peers and teachers.

Our tools provide structured opportunities for children to practice turn-taking, problem-solving, and emotional expression within a supportive and engaging learning environment. By embedding social–emotional learning into early childhood education, Hatch helps ensure that children are prepared for both academic and personal success as they transition to kindergarten and beyond.

Engaging Families and Strengthening the Home–School Connection

Family-Friendly Insights and Communication

Hatch helps programs meet Head Start’s family engagement standards through:

- **family-friendly reports** that keep families informed about their child’s progress,
- **bilingual learning resources** that support families as partners in their child’s education, and
- **home extension activities** that reinforce classroom learning at home.

Tools for Home Visits and Conferences

Hatch provides educators with **clear, actionable data** to share with families during home visits, conferences, and family engagement events. With Hatch, parents feel empowered to support their child’s learning journey.

Why Head Start Programs Trust Hatch

- ✓ Research-based solutions that align with Head Start’s standards
- ✓ Proven impact on school readiness with data-driven instruction
- ✓ Bilingual, inclusive learning experiences for diverse learners
- ✓ Comprehensive teacher support and professional development
- ✓ Strong family engagement tools to support learning beyond the classroom
