

IgnitePanel by Hatch™

Revolutionize Your Early Childhood Classroom

New for 2024! IgnitePanel by Hatch™ is a game-changing interactive panel software solution that revolutionizes early childhood classroom instruction thanks to its inclusion of standards-aligned early learning lessons and activities. Educators can effortlessly plan and implement research-based activities tailored to individual learners. IgnitePanel connects with Insights™, Hatch's powerful educator dashboard, for easy access to critical usage and activity data. IgnitePanel features a new and expanded eBooks library and more robust offline activity suggestions. You will also find updated correlated standards for Teaching Strategies GOLD and DRDP, and embedded professional development for teachers covering standards and learning objectives. The all-new IgnitePanel brings even more capability to classroom planning

What's New With IgnitePanel?

Even More Offline Classroom Activities

IgnitePanel redefines whole-class instruction with engaging, standards-aligned activities online and now even more lesson plans for offline educational activities for students.

Expanded eBooks Library

IgnitePanel has added more new eBooks for use in your teachers' classroom and group instruction.

Device Flexibility

IgnitePanel software can be used on any Windows-based interactive board.

With IgnitePanel, Educators Can:

Unlock a New Level of Learning

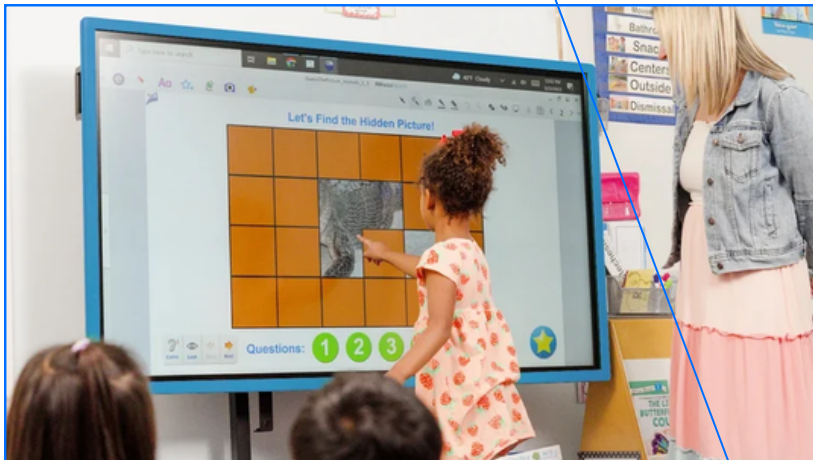

IgnitePanel redefines whole-class instruction with engaging, standards-aligned activities ensuring every child receives high-quality instruction.

Experience Effortless Efficiency

Say goodbye to time-consuming lesson planning. IgnitePanel allows educators to create individual, small-group, and whole-class lessons and activities through an exciting interactive display.

Capture Progress

IgnitePanel empowers teachers to save student work samples from a library of activities, allowing a panoramic understanding of pre- and post-instruction impacts.

Streamline lesson planning and monitoring student growth with IgnitePanel, unlocking a new level of efficiency and engagement in early childhood classrooms.

Why Choose IgnitePanel by Hatch?

Standards-Aligned

Activities, lessons, and modules are loaded with hands-on, engaging content aligned with updated learning standards including Teaching Strategies GOLD and DRDP.

Research-Based

IgnitePanel features strategies and activities rooted in the latest scientific research in literacy, language, and mathematics skills for early learners.

Interactive Learning

Empower your teachers with an exciting interactive display that fosters collaborative learning experiences.

Time Savings

Get teachers back to what they do best: teaching. No more time-consuming lesson planning! IgnitePanel streamlines instruction, saves time, and enhances student engagement. Teachers can capture students' progress, fostering effective communications with parents and creating a collaborative learning environment.
