**Insights by Hatch™**

# Empower Educators with Data-Driven Excellence

In the dynamic world of early childhood education, administrators and teachers experience the challenge of making informed decisions about student readiness and growth. Without a reliable solution, assessing progress, tailoring instruction, and collaborating effectively with families can become overwhelming tasks.

That's where Insights by Hatch™ comes in. We understand the time constraints educators face and have designed a powerful platform that provides clear, actionable student data, empowering educators to transform their classrooms and ensure every child's potential is ignited.

***Transform your classroom with Insights by Hatch™ and unleash the power of actionable data!***

## **Insights by Hatch Allows Teachers to:**

### **Gain Actionable Data**

Access real-time academic and child development data at your fingertips.

### **Enhance Instruction**

Tailor teaching strategies to meet individual student needs.

### **Collaborate Effectively**

Foster productive partnerships with families and caregivers.

### **Save Time**

Streamline administrative tasks and focus on impactful teaching.

## A Powerful Dashboard of Data, Gathered Automatically

The Insights dashboard seamlessly harnesses the power of play to capture valuable student data. As children engage with our interactive platforms, Ignite by Hatch™ and IgniteTable by Hatch™, their explorations and interactions generate real-time insights. Through the magic of these captivating learning tools, each click, exploration, and collaboration is transformed into meaningful data points.

### With the Insights dashboard, you can:

- Effortlessly access student data, progress reports, and classroom trends.
- Utilize evidence-based insights for personalized, data-driven teaching.
- Strengthen communication with families using comprehensive data snapshots.
- Free up more time for hands-on instruction and student support.

## Key Features of Insights by Hatch:

### Real Time Reports

Access instant data on student readiness and development.

### Personalized Instruction

Create targeted strategies for each child's growth.

### Family Collaboration

Communicate effectively with families using comprehensive insights.

### Time-Saving Tools

Spend less time on paperwork, more time with your students.

*"Hatch helps teachers with engagement, and it especially supports their classroom management that they so desperately need now as a result of children being without continuous learning from the pandemic!"*
